

Oz Scale Racers

How to set RC to use 3 Lanes on a 4 Lane track

1. Open the Race Coordinator programme and select: **Race Setup > Expert Race Setup**
2. When the Race Manager screen appears select the race from the Current Races list
3. Select the Heats Tab on the left
4. Select Custom Round Robin Sequence
5. Replace the lane number you wish to exclude with a '0' (Zero) For example if you wish to exclude Red Lane ie lane 4 then simply change the field settings from [1,2,3,4] to [1,2,3,0]
6. Then click the Update button to save the new settings.

To reinstate Red lane, simply follow the above steps and change the 0 to 4

LANE 4 WILL NOW DISPLAY EMPTY
